The story of elegance

A saga of
spectacular
brilliance

The story of elegance

K-Board Ply and its parent company Kunnathan Wood Products have over 25 years of splendid history in timber product and plywood manufacturing. The company was launched as a family business in Perumbavoor, the timber industry capital of Kerala, India.

For the past 25 years, K-Board Ply has been offering high quality wood substitute solutions for interior applications. Backed by its most modern manufacturing facility, research and development wing and a commitment to quality, K-Board Ply ensures all the products carry the mark of excellence in terms of application-readiness, strength, durability and elegance. K-Board Ply offers a wide range of meticulously engineered, incomparably superior products - Plywood, Veneers, Laminates, MDF, Particle Boards, PVC Boards, Doors, etc. for increasingly diverse applications like furniture, partitions, kitchen cabinets, wall sheathing, etc.

Extreme interior conditions need an extremely strong wood substitute that blends in perfectly with the overall design. K-Board Particle Boards, these three-layered boards are resistant to abrasions, household chemicals, steam, cigarette burns and cracking. Prelam particle boards are available in different natural decors & textures. It is the perfect choice for residential & commercial projects.
